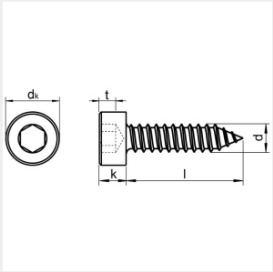
EZ9051 GLOTECH - Self-tapping screws with a cylindrical head, head to DIN 912 - hexagonal socket - Item No. 9051

New



Features - benefits

GLOTECH self-tapping screw with a cylindrical head (head to DIN 912) is made from A2 (stainless steel) or, on request, from A4 (acid-resistant steel)
self-tapping screws with other technical specifications can be manufactured to order

Application

self-tapping screw with a cylindrical head and a hexagonal socket for joining metal components (with a maximum sheet thickness of 0.5 mm)
self-tapping screw for fastening metals to other materials
used in the automotive industry, construction, interior design, upholstery, etc.
used in many fields of application and across various industries
