GLOTECH - Flat-lens head self-tapping screws with TORX drive - ISO 14585

New

Features - benefits

The GLOTECH TORX flat-lens head self-tapping screw is made from A2 (stainless steel) or, on request, from A4 (acid-resistant steel) self-tapping screws with different technical specifications can be manufactured to order

Application

self-tapping screw with TORX drive for joining metal components (sheet metal up to 0.5 mm thick)
sheet metal screw for fastening metals to other materials
sheet metal screw with a TORX drive, where the force is transmitted via the large surface area of the shank's sides
used in the automotive industry, construction, interior fittings, upholstery, etc.
used in many fields of application and across various industries
