

EZ0439

GLOTECH - Low-profile hex nuts - DIN 439

New

Features - benefits

GLOTECH low-profile hex nut manufactured from A2 (stainless steel) or A4 (acid-resistant steel)
nut with metric thread
nuts with other technical specifications can be manufactured to order, e.g.: low-profile hexagonal nuts with fine-pitch thread, low-profile hexagonal nuts with left-hand fine-pitch thread

Application

This nut is used when a standard nut cannot be used
It is used in bolted joints subject to limited loads, e.g. as lock nuts to secure components and prevent them from accidentally loosening, twisting or shifting
Used in industry, construction or for general domestic use
