

EZ0980

GLOTECH - Self-locking metal nuts - Item no. 980

New

Features - benefits

GLOTECH self-locking metal nut made from A2 (stainless steel) or A4 (acid-resistant steel)
nut with metric thread
nuts with other technical specifications can be manufactured to order

Application

for securing assemblies where frequent adjustment of the connection is not required
this nut is designed for use where there is a risk of high temperatures
it is used in bolted joints to lock components in place and prevent them from accidentally loosening, twisting or shifting
used in a wide range of industrial sectors or for general domestic use
