

EZ1025

GLOTECH - Flat-flanged rivet nuts - Item no. 1025

New

Features - benefits

The GLOTECH flat-flanged rivet nut is manufactured from A2 (stainless steel) or A4 (acid-resistant steel) rivet nuts with other technical specifications can be produced to order (e.g. galvanised, etc.).

Application

It is suitable for non-standard applications where the joint is exposed to demanding operating conditions
Used where threading is not feasible due to cost-effectiveness or difficult access
For joining sheet metal or thin-walled profiles, as well as for joining plastics
Used in many fields of application, e.g. in construction, the automotive industry, window joinery, for joining ventilation components, etc.
Also used for general household purposes, e.g. during DIY projects
