

EZ8379

GLOTECH - Medium-gauge acid-resistant wire ropes 7x7 - Item No. 8379

New

Features - benefits

GLOTECH acid-resistant wire rope is made from A4 grade material (acid-resistant steel)
 medium-flex wire rope with a 7x7 lay
 wire rope with different technical specifications can be manufactured to order (e.g. with a sheath or a different lay)

Application

often used as an architectural solution or, amongst other things, as a decorative element
 medium-strength acid-resistant wire rope for external and internal applications, in damp or corrosive environments
 used for installing balustrades, suspending pumps in wells, swings, etc.
 also designed for forestays, shrouds and other assemblies operating in a straight line (without bends and/or kinks)
 weather-resistant, for use in damp environments
 used in the shipbuilding, automotive and construction industries, in sailing and in households
